C

BALI / VILLA 1 ARCHITECTURAL STUDY

Open to the light.

Long horizontal terraces frame the pool-facing elevation. Inside, timber, pale stone and curved furniture soften the architecture's straight lines.

Villa 1

Selected architectural study

Living + terrace

Connected visual story

Stone + timber

Illustrated material palette

A photograph of a luxurious outdoor pool area. In the foreground, a clear blue pool with a mosaic tile bottom reflects the sky. To the right, a wooden cabana with white curtains and a thatched roof stands on a wooden deck. Two large, round, woven wicker chairs are positioned under the cabana. A large potted plant sits on the deck. In the background, a tall palm tree stands on a grassy lawn, with a view of the ocean and a clear blue sky with some clouds.

POOL / CABANA / GARDEN

The outdoor room.

Curves within clean lines.

The living space.

A curved sofa gathers around low tables. The sculptural stair sits beyond, with broad glazing bringing light across the textured wall.

PRIVATE SPACES

Warmth, in the detail.

Timber panels, woven pendants and pale upholstery carry the same palette through the illustrated interiors.

A closer grain.

Stone, timber and woven texture.

The close view reveals the island's pale surface and the timber stool beside it. Slatted cabinetry and warm lighting connect the detail to the wider kitchen.

Palette

Pale stone / warm timber

Forms

Soft curves / linear joinery
